VILLAGE OF CASSADAGA HISTORY

The first record of meeting of the Village Trustees was January 9, 1921.

These first meetings took place at the house (previously Kropat's Furniture store and now Medicor office Building) of C.G. Skiff who was their president.

There had been two bad fires in Cassadaga which had threatened many homes; one was Leland Knotts' box factory and the other was the barn and livery stable of Marion Dalrymple. These fires aroused the villagers for the need of adequate fire fighting equipment. This need and a means of raising money to buy the equipment led to the incorporation of the Village.

The Village Board was composed of four Trustees and a presiding officer known as the President; in July 1927 this title was changed to Mayor. The Trustees and presiding officer of the Board were elected to two year terms of office; the term starting on April 1 and ending March 31. The terms were extended to four year terms beginning March 2000. Beginning in 2019 the Village Elections were turned over to Chautauqua County to coincide with General Elections in November. New Officers take over in December of election year.

In 1928, the village water system was started. Major upgrades to the system began 2009 and completed in 2014. The upgrades included a new well, water tank, water treatment plant, booster station on High Street, water line replacements on Bard Road, High Street, Putnam Road, Maple Ave., and North Shore Park.
